

Shared Services Opportunity Assessment

Purpose

Identify opportunities to leverage shared expertise, services, or resources.

Current State Assessment

Function	Current Support Model	Potential Shared Partner	Opportunity Level (Low/Medium/High)
Epidemiology support			
Data analytics			
Provider onboarding			
Interoperability support			
Data quality improvement			
Project management			
Cybersecurity			
Training and workforce development			

Reflection Questions

1. Which functions are difficult to staff consistently?

2. Which functions require specialized expertise?

3. Are there programs within your agency with similar needs?

.....

Priority Opportunities
